Supporting local delivery of courses to make a *real* difference to *your* pupils

Become an Advanced Mental Health Lead and gain a  
Level 4 qualification

Supported by:

The British  
Psychological Society

openawards

## About us

The National Network of Mental Health Leads exists to provide training, continuing professional development, networking and representation for leads in schools or colleges. Established by a consortium developed to deliver training for mental health leads, the Network is administered by The Root Of It and supported by the British Psychological Society, Society of Occupational Medicine and Open Awards. The consortium of training providers covers England and includes local authorities, mental health support teams, psychology services and other local training providers.

Benefits of accessing courses from the National Network of Mental Health Leads

- delivered by local or specialist trainers
- turn learning into impact in learner's setting
- one year's CPD included
- gain a qualification
- be a part of something bigger.

## Course aims

To explore the topics relating to a Designated Mental Health Lead role in more depth and develop learner's skills, knowledge and understanding.

## Course contents

The course is delivered in nine modules. Each module is followed by activities in a portfolio to help embed the learning in the learner's setting.
